

## How to Set Up the GDMFX Social Trading Through ZuluTrade

The Social Trading enables a trader to start copying trades of another trader automatically into his own account. While this feature can be useful, you have to bear in mind that it is associated with the Risks inherent to Forex trading, of losing the capital you have invested. Please make sure you go over the [Legal Documents of GDMFX](#) and the Terms and Conditions of ZuluTrade, before you enable this feature.

### Linking an existing Trading account to ZuluTrade

- Please log into your [Trader's Room](#) → Open an Account, and open a new trading account whose account type is ZuluTrade:

The screenshot shows the 'Open a Trading Account' page on the GDMFX website. The page has a dark header with 'GDMFX' and navigation links for 'Language: English', 'FAQ', and 'Contact Us'. A green sidebar on the left contains icons for 'English Dashboard', 'Settings', 'Open Account', 'Funds', 'Partner Area', 'Positions', and 'Web Trader'. The main content area is titled 'Open a Trading Account' and contains the following fields: 'Account Type' (a dropdown menu with 'ZuluTrade' selected), 'New Password' (a text input field with masked characters), and 'Confirm Password' (a text input field with masked characters). Below these fields is a checkbox labeled 'I agree to the Terms & conditions'. At the bottom of the form are two buttons: 'Cancel' and 'Submit'.

- Go to ZuluTrade's website → Register → [Open a Live account](#) → Choose GDMFX from the list of brokers. If you are not able to find GDMFX in the list, please choose “Non-EU residents please click here to continue”
- On the next page select the option that you already have an account with GDMFX, click on “Continue” and fill out the MT4 account number of your Zulu MT4 account. This account should already be funded.

I would like to choose another broker Continue

You can see the MT4 account number in your [Trader's Room](#) → Dashboard:

The screenshot shows the GDMFX Trader's Room dashboard. On the left is a green sidebar with navigation options: English Dashboard, Settings, Open Account, Funds, Partner Area, Positions, and Web Trader. The main content area is titled 'Welcome to GDMFX Traders Room' and displays a user profile with a '4 Trading Accounts' and '0 Partner Accounts' summary. A red box highlights the 'Trading Accounts' section, showing 'Trader# 815' and 'Account Type: ZuluTrade'. Below this, there are buttons for 'Active' and 'Live Chat', and a registration date of 'July 27th 2016'. Social media icons for Facebook, Twitter, Google+, LinkedIn, and YouTube are at the bottom.

- Fill out the ZuluTrade account registration form. Make sure that the email and the rest of the details in the Zulu form correspond to the data of your GDMFX registration.
- Download the Agreement file, familiarize, print, fill out, scan and send it to [CustomerSupport@gdmfx.com](mailto:CustomerSupport@gdmfx.com)

- Wait for Zulu's confirmation email. It will contain your Zulu login credentials:

Dear GDMFX Support,

Your GDMFX account has successfully been linked and is ready to start autotrading with ZuluTrade, the largest social trading community!

To login please visit [www.zulustrade.com](http://www.zulustrade.com)

Username: GDMF  
Password: [REDACTED]

At your first login, you will be asked to change your Zulu account password in order to protect your privacy.

\* Please remember to update your settings page with your current MT4 password. This way you enable ZuluTrade to connect to your account! \*

• **Support**

For any questions regarding ZuluTrade service, please contact us via chat or send us an email at [support@zulustrade.com](mailto:support@zulustrade.com).

Thank you for using ZuluTrade!

- Login to [ZuluTrade](http://ZuluTrade), scroll down to the bottom and enter your GDMFX MT4 login password and click on “Connect Broker Account”:

Broker Account Settings

<p>Broker Account Number The broker account number that is connected with ZuluTrade</p> <input type="text"/>	<p>Broker Account Password Please make sure that this field contains the broker password (the password that you currently use to connect to your broker). This is required to enable the connection between ZuluTrade and your broker account.</p> <input type="password"/>
<p>Account Status: <b>Disconnected No Password</b></p>	
<p><b>Connect Broker Account</b></p>

Derivative trading carries a significant risk to your capital

[www.gdmfx.com](http://www.gdmfx.com)

- A few seconds later you should receive a confirmation that your trading account has been successfully linked to Zulu. You can now make the relevant settings for your future trade copying and when ready click on “Follow Traders”:

- You will see a list of Traders. Clicking on their profile picture will open up their Profile. Please make sure you review his/her trading history, trade patterns, risk profile and after you decide that they meet your preferences/objectives, you can start following him/her by clicking on the “Follow” button

- Choose “Yes” if you would like to have the currently opened trades into your own account, or “Follow Trader – don't open existing positions” if not. From this moment on, all newly opened positions in the account that you are following will be copied into your own trading account.

**Follow** [Trader Name] ✕

You have chosen to follow [Trader Name] using Custom lot allocation mode.  
 This action will also open all the existing positions of this provider.
